With reference to your letter of the 27th November, I shall be glad to learn if you have any further information regarding the megger test of the electrical installation.

I shall also be glad to learn, as soon as possible, how this case now stands regarding the supply of two bower anchors and 15 fathoms of chain cable and the hull condition of class which expired at the end of last month.

I would remind you that the Main Boiler Survey will become due at the end of this month.

Yours faithfully,
