Dear Sir,

"CHEIK MARCEL"

Classing Letter

In reply to your classing letter dated 29.10.62, I regret to state that the electrical equipment was not megger tested. However I understand that the electric power is not used in any essential service, on the mentioned vessel and accordingly it was not surveyed.

I should also add that I have noted the aux. engines under working conditions.

Yours faithfully,

M. Dawood
