Dear Sirs,

Motor Tanker "CONSTANCE"

It is understood from the Society's Surveyors at Gothenburg that this vessel will arrive at your Port next week and that the Owners will request you to hold a Load Line Survey with a view to a short term Load Line Certificate valid until the end of November 1962, being issued.

It will be quite in order for you to carryout this inspection, and so far as classification is concerned the Committee will expect you also to satisfy yourself generally in regard to the vessels condition with a view to her class being maintained one month beyond the expiry of the year of grace i.e. until the end of November.

Yours faithfully,

c.c. FREEBOARD DEPT.

Clerk to the
Classification Committee

The Surveyors,
CHITTAGONG.
