

"ROSA PELLEGRINO"

It is submitted Mr. Boylan, Principal Surveyor for Italy be referred to the recent loss of this tanker, by explosion and fire, whilst the ship was discharging at Porto Marghera.

Mr. Boylan should be asked to obtain as much information as he can of the circumstances attending this casualty and to keep this Office informed of any later developments.

Mr. Turnbull.

Mr. McAfee.

Mr. Siggers.

We wrote to Venice some weeks ago and have been promised all available information when the enquiry has been held but there would be no harm in seeking Mr. Boylan's help. Previous correspondence is with C.E.S.R.
