Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

6th February, 1931.

Dear Sir,

I beg to acquaint you that the Committee have had under their consideration today a letter received from the Society's Surveyors at Grimsby in which they state they have been informed by your goodself that the Boiler Survey of the Steam Trawler "VOLESUS" will be held on the vessel's return to port in about 3 weeks' time.

In the circumstances the Committee have agreed to this arrangement, but they desire me to say that as the survey became due so long ago as July last they will be unable to agree to any further postponement and that it must be held as now proposed in order to entitle the vessel to retain her class in the Register Book.

I am, Dear Sir,

Yours faithfully,

pro Secretary.

Walter Garratt Esq.,
Fish Docks,
GRIMSBY.
