

71005
Motor Tanker "BAUA"

Notation "Partly Rebuilt and Lengthened". See endorsement dated 6.2.40.

The whole of the midship structure in way of the cargo tanks from the forward bulkhead of the pump room aft to the forward cofferdam (82'-4" in length) was renewed and lengthened 26", giving a total length renewed of 108'-4".

In order to conform to the notations applied to similar cases and to avoid the indefinite designation of "partly rebuilt" it is submitted the above notation be amended to "Midship Portion Renewed and Lengthened 1940".
