Telephone: ROYal 3551 (6 Lines)

21st December, 1953.

Dear Sir,

Classn(S)
AJAC

With reference to Dundee Report No. 9904 respecting the steamer "EDDYREEF", I shall be glad if you will request the Surveyors to furnish a forging certificate for the sternframe, also certificates covering the straight shafting and working propeller, as these do not appear to have been received in this Office.

I shall be glad if you will request the Surveyors to confirm that all pumps intended for essential services at sea have been built under survey, as no certificates (except for the lubricating oil pump), appear to have been received in this Office.

I shall be glad to learn if the screwshaft diameter is 9" as approved or $9\frac{1}{8}$ " as stated in your report.

Yours faithfully,

pro Clerk to the
Classification Committee.

The Secretary,
GLASGOW.
