Received from Chief Surveyors.....

VESSEL'S NAME "PARIS CITY" REPORT Wc. No. 105843

For the CHIEF SHIP SURVEYOR and ~~CHIEF-ENGINEER-SURVEYOR.~~

In cases which have to be submitted to the Classing Committee "the endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case so that the Classing Committee may have all the salient points presented in the endorsement."—(Extract from Sub-Committee's Report, 24/5/92.).

Nature of Survey..... When due.....

An Endorsement of Class (B) regarding indented side shell plating (p & s) is noted against this ship, covering a small number of very minor indents on shell between frames on port and starboard side.

At the request of the Owners, the question of these minor indents has been taken up with the Newcastle Surveyors, who agree that in view of the minor nature of the indents concerned, the endorsement attached to this ship might be deleted.

IT IS ACCORDINGLY SUBMITTED this ship is worthy to remain as classed, without special conditions.

As now. Without.

Delete endorsement of class. /
