Two First Entry Reports were received from Copenhagen before the occupation of Denmark on the new motor vessels "NORA" and "SATURNUS", the former having been built by the A/S Aalborg Væerft, for Danish Owners, and the "SATURNUS" by the A/S Nakskov Skibsværft, for Swedish Owners. In the case of the "NORA", Kr.2220.72 (£123. 7. 6.) still appears to be outstanding. In the case of the "SATURNUS", Kr.2599.12 (£144. 7. 11.) is outstanding.

It is submitted for consideration whether in the circumstances the classification particulars of these vessels might not now be posted in the Register Book.
