

EA

7 - MAR 1963

Ship's name "KING ALFRED"

Port LON

148870

WRECK
SECTION

The ship is subject to sternframe (erosion) (E.W. 1,62 and previously) being specially examined next drydocking.

The LONDON Surveyors report (2,63) ship examined afloat and suitable for a proposed voyage in tow to Hamburg. *found*

The Owners in a letter dated 20.2.63 state that the ship is proceeding to Hamburg for breaking up purposes only.

In view of the above, it is submitted the ship is eligible to proceed in tow from the River Blackwater to Hamburg with Class Temporarily suspended, subject as above, but ACTION be DEFERRED pending further information.

SUBJECT.
