

9th December, 1948.

Enclosure.

Dear Mr. Paton,

With reference to my letter of the 25th October last respecting the Motorship "KING ALFRED" and to the supplementary reports since received from you on the engine, boiler and electrical equipment, I think it well to attach, for your information, a letter which has today been addressed to the Glasgow Office, from which you will note that it is proposed to credit your port with £23 for this inspection.

With kindest regards,  
Yours sincerely,

H. McG. Paton, Esq.,  
CARDIFF.
