

ESSO PURPLET

See endorsement dated 7th February 1962  
relating to T-2 type tankers,

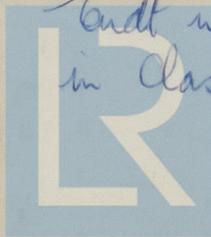

The following entry should be made in the  
S.R.L. appendix as regards this ship "~~Shell~~ plating  
to be drilled at the next Special Survey".

It is also to be noted that no further  
extension of the period for completion of the  
Special Survey should be granted in this case.
