Dear Sirs,

S.S. "JALAKANTA"

R.  
JMC/DET

With reference to the classification in this Society's Register Book, I would inform you that to complete the Main Boiler Survey which became due at the end of October last, for the record M.B.S.10.62 the port boiler requires to be examined in its entirety, its safety valves adjusted under steam, and the oil fuel installation requires to be examined under working conditions. I shall be glad to learn what arrangements you have made for these matters to be dealt with.

I take this opportunity to remind you that the Screwshaft Survey will become due at the end of July, and in this connection I enclose a copy of a memorandum dealing with Libery type vessels. Your intentions regarding this inspection will also be appreciated in due course.

Yours faithfully,

Clerk to the  
Classification Committee

Messrs. Scindia Steamships (London) Ltd.,
