LLOYD'S REGISTER OF SHIPPING

2787

Port YOKOHAMA

12th January, 1959

This is to Certify that I have

surveyed the S.S. "UNIVERSAL TRADER" 5183 tons gross of Hong Kong, as she lay afloat at Yokohama on 10th January, 1959 and subsequently on account of shell and deck leakage No.5 Hold (P&S) and broken sheave block of rod and chain steering gear

and that I will transmit to the Committee of Lloyd's Register of Shipping, London, a Report, stating that all ^{temporary} repairs recommended by me have been completed to my satisfaction, also that I will

Recommend that she be continued as classed without fresh record of survey subject to the ship being placed in dry dock in Japan by 31st January 1959 for examination after discharge of the present cargo at Muroran, Japan and the second strake below sheer (P&S) being removed abreast No.5 Hold, examined and plating and framing dealt with as found necessary; to the deck plating being renewed at aft end No.5 Hatchway and to the forward sheave block (PS) of steering gear being renewed at the same time.

being fit to carry

J MacLeod

Surveyor to Lloyd's Register.

J. MACLEOD
