

URGENT

Motorship "STANVAC NAIROBI"

Mr. Evans of Mobil Shipping Co.Ltd., telephoned and said he had received a cablegram from New York stating that this ship is now laid up at Hong Kong and the Owners are contemplating selling her or laying her up.

The Owners desire to know, without delay, our minimum requirements to allow the ship to proceed in ballast from Hong Kong to the Persian Gulf there to load a cargo for the Mediterranean and to lay up at an Italian port.

Mr. Evans asked for a reply by telephone this afternoon.
