

19 JUN 1937

s.s. "ANGRA"

Hfs.Rpt.1375

It is submitted before this case receives the consideration of the Committee the Oslo Surveyors should be informed that the Helsingfors Surveyors now report the 2nd S.S. No.1 completed, but they assume that the examination in drydock at Tonsberg in January this year can be accepted as part of the Special Survey. The Oslo Surveyors should state whether this is so.

The Helsingfors Surveyors should be informed that it is concluded the bulkhead on frame No.136 is watertight as originally fitted.
