19th November, 1958

Dear Sirs,

Motorship "ANTEO"

With reference to your letter of the 14th August, I have to point out that the ship was last seen in drydock by the Society's Surveyors in September, 1957, and that the Screwshaft Survey will become due at the end of December, 1958.

I shall be glad if you will inform the Owners that it is concluded a further drydocking will also take place and the Screwshaft Survey be held before the ship again proceeds to sea.

It is noted from the Shipping Papers here that the vessel is still laid up at Rotterdam.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
GENOA.

c.c. Rotterdam.
