

LLOYD'S REGISTER OF SHIPPING

UNITED WITH THE BRITISH CORPORATION REGISTER

Port

LONDON

31st May 1954.

This is to Certify that

E.M. SELLEY.

the undersigned Surveyor to this Society did at the request of

Messrs. J. & E. Hall Ltd., attend at their Works at Dartford, Kent, on the 5th March 1954 and subsequent dates for the purpose of examining and testing Two heater coils, Two heater casings, One preheater coil, One air vessel, One discharge filter and One suction filter, made to the Order of Messrs. Todd Oil Burners Ltd., London, and intended for the S.S. "HARTBRIDGE".

The parts were subjected to the following hydraulic pressures in the presence of the undersigned:-

2 Heater Coils	600 lbs.per.square inch.
2 Heater Casings	500 " " " "
1 Preheater Coil	600 " " " "
1 Air Vessel	600 " " " "
1 Discharge Filter	600 " " " "
1 Suction Filter	200 " " " "

All the above withstood the tests applied and were found suitable for a working pressure of 250 lbs.per.sq.inch, with the exception of the suction filter, which is suitable for a working pressure of 100 lbs.per.sq.inch.

Each part has been stamped for identification purposes with the test pressures and with the initials of the undersigned:-

E.M. Selley
Surveyor to Lloyd's Register
of Shipping.

Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:-

While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society.
