This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."

At the time of survey the weather conditions were good with light wind, slight sea and short low swell. Vessel was steady - neither pounding nor moving.

Stated:-

That the vessel ran aground at 0508 hours on Friday, 6th May, 1955 whilst proceeding from Rangoon to Kyaukpyu - Cargo on board approximately 245 tons - estimated speed at time of grounding 10 knots - draught of vessel about 14'6" P 16'6" A. Weather and visibility at the time of grounding were good.

Log Book:-

Extracts from Chief Officer's Log Book attached.

Salvage:-

It is the considered opinion of undersigned that salvage of the "FYIDAWTHA" is a practical possibility provided that a suitably equipped Salvage Vessel is obtainable and that salvage operations are well advanced before the forthcoming South West Monsoon breaks.
