QUESTION

ANSWER

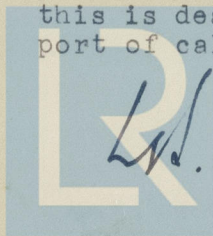

Date:— May 22, 1959

The Owners state that the necessary repairs have been carried out mainly by the ship's crew on board during voyage.

With reference to your memorandum of the 12th March, all be glad to learn how case now stands.

When they last called at Aruba the Society's Surveyor there was out to port and, therefore, there was no opportunity for these repairs to be verified.

The Owners Superintendent has promised, however, to see that this is dealt with at the next port of call.
