Dear Sir,

We have the Deferred Reports on the "STELLATUS"  
but there is no Report attached dealing with the recent inspection  
of a main salt water circulating pump casing at Kotka.

One of our Surveyors here has been called in to  
extend the limit on the casing, but before wiring the Finish  
Surveyor I should be glad to know whether you have any information  
later than the Deferred Reports.

Yours faithfully,

The Secretary,  
LONDON.

Secretary to the  
Liverpool Committee.
