26th July, 1951.

Enclosure

Dear Sirs,

m.v. "STIENTJE MENSINGA"  
Paxman 12 R.P.M. Type Engines Nos. 57387/8  
SLM Gear Boxes 1659 and 1662  
-----

I enclose a copy of a letter dated the 11th July which has been received from Messrs. Gruno Shipping Ltd., together with a copy of one dated 12th July received from Metcalf Motor Coasters Ltd. regarding the purchase by the Owner of two Paxman diesel engines for installation in the above vessel.

In requesting you to give this matter your attention I would refer to the letter dated 17th July, 1948 (copy attached) addressed by the British Corporation to their Hull Office, and may say it would appear from the B.C. files in this Office that B.C. reports on the re-conditioning of these engines, carried out in 1947/8 should be on record in your Office for your use at the present time.

As it is four years since these engines were reconditioned, it will be necessary for you to satisfy yourselves that they are still in an acceptable condition for installation in a classed ship and for you to arrange for such opening up as you consider necessary in the circumstances.

Yours faithfully,

pro Secretary

The Surveyors,  
HULL.
