Our reference

Dear Sir,

m.s. "JAVA"

Further to your letter of 26th November 1962 we beg to inform you that we received a reply from the Owners stating that the main engine camshaft drive chain has already been renewed at Galveston during the time that the "General Examination" was held.

As our Surveyor at Valparaiso had informed the Chief Engineer that the vessel could proceed on voyage as long as the new chain was on board as spare the Owners Representatives regret that they did not inform Mr. Wardle at Galveston re the renewal of the chain.

The Owners expect that the ship will reach Hong Kong at the end of the present month so that a further inspection with a view to the scrapping of the vessel is not further required.

Yours faithfully,

The Secretary,
LONDON.
