Dear Sir,

m.v. "IRINI'S LUCK"

We acknowledge receipt of your letter of the 1st inst. and note that, as the Society's rules for between surveys have already been exceeded, the Committee find considerable difficulty in agreeing to any further extension. They have, however, agreed to maintain the vessel's class until her arrival at the port of discharge.

Concerning Owners' wish to bring the vessel to a port in the Eastern Mediterranean after completion of discharge in Stettin, we note the Society's Surveyors at Piraeus have been asked to advise you the parts which have been seen by them in October 1962 ~~and whether they~~ can be regarded as efficient, and, provided the reply is satisfactory, the Committee will not require the ship again to be drydocked at Stettin. They will, however, expect the remainder of the ship to be opened up and drilled afloat as far as may seem necessary to the Surveyors.

We are advising Owners and will revert.

Yours faithfully,  
P. WIGHAM-RICHARDSON & CO. LTD.
