Gothenburg, 29th October, 1940.

WOKINGHAM.

reference

5. The Secretary,

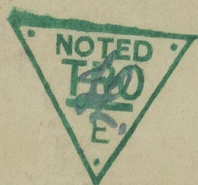

LONDON.

Dear Sir,

With reference to your classing letter dated the 23rd August last, which has just been received, respecting the Motor Tanker "BELLONA", Gothenburg First Entry Report No. 12993, I beg to confirm that the diameter and spacing of the rivets through the frames and shell plating are as approved, viz:- 25 mm. rivets spaced 150 mm. and 22 mm. rivets spaced 135 mm. The electrodes employed to carry out the welding on the vessel were OK 47 and OK 52. It is regretted that these items were inadvertently omitted from the report.

I am, Dear Sir,

Yours faithfully,

H. J. Adams
