## LLOYD'S REGISTER OF SHIPPING

UNITED WITH THE BRITISH CORPORATION REGISTER

Port BELFAST.1st August, 1963.

This is to Certify that

H. C. MURRAY

the undersigned Surveyor to this Society did at the request of the Owner's Representative, examine the tanker "ESSO MANCHESTER", 10,709 gross tons of Londen, as she lay afloat in Musgrave Channel, Belfast, on 31st July, 1963 for the purpose of assessing her fitness for a voyage to the River Clyde where it is stated she is to be broken up.

I consider the hull, as far as surveyed, to be in a satisfactory condition for the contemplated voyage, in ballast, under tow.

The class of the ship is temporarily suspended.

The towage arrangements and stability are the responsibility of the Owners.

---

 Surveyor to Lloyd's Register of Shipping.

certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—  
 While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly carried out, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
