8th December, 1931.

Dear Sir,

With reference to the classification in this Society's Register Book of the steamer "IRON BARON" and to the survey which became due on the vessel's main boilers in May last, I beg to acquaint you that the Committee have to-day had before them a communication received from the Society's Surveyors at Oslo from which it appears they have been informed by you that the steamer is laid up and that the inspection in question will be held before she is again placed in commission.

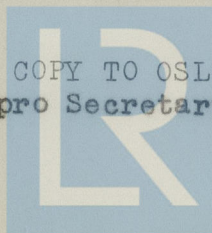

In the circumstances consideration of the case has been deferred by the Committee, and I have to say that they will be glad to receive from you an assurance that the above survey will take place before the vessel is again employed.

I am, Dear Sir,

Yours faithfully,

E.B. Aaby, Esq.,
Krusesgate 11,
OSLO.
