Bargo batten not fitted

Survey Due Main Boiler Survey due 5,31.

In October last the Oslo Surveyor's stated they had been informed by the Owner that this vessel was loading at Leningrad, and that he had instructed the Master to have the above survey carried out on her arrival at the discharging port. In the circumstances the Committee agreed to this arrangement.

In reply to enquiry the Oslo Surveyors now state they have been informed by the Owner that the steamer is to be laid up now and that the survey in question will be held before she is again placed in commission.

Submitted action to depend.
