**71, Fenchurch Street, E.C.**

**11th October, 1911.**

Gentlemen,

E. I have to acquaint you that a First Entry Machinery Report has been received from the Society's Surveyors at Greenock in the case of the new S.S. "EMERALD WINGS", from which it appears that at the close of the trial of the machinery a crack was found in the after condenser door. It is stated that it has been repaired to enable the vessel to proceed to her loading ports, Swansea and Antwerp, and that the Builders have arranged for a new door to be fitted at your Port.

I have therefore to request that you will arrange to give this matter the necessary attention and forward your report on the case as early as possible.

I am, Gentlemen,

Your obedient Servant,

Secretary.

The Surveyors,

ANTWERP.
