Dear Sirs,

Steamer "JALAKANYA"

As the result of a survey held at Calcutta last June, the Committee have continued the class subject, inter alia, to a bower anchor being supplied at the earliest opportunity, and I shall be glad to learn what arrangements you propose to make in respect of this item.

At the same time I think it well to remind you that the screwshaft cone required to be examined and crack detected by the end of last month, and your proposals regarding this matter will also be appreciated.

Yours faithfully,

Deputy Clerk to the  
Classification Committee.
