30th January, 1962.

Dear Sirs,

Steamer "SHAHRISTAN".

/SM
Reverting to my letter of the 3rd November, I have to advise you that the Society's Surveyors Reports of the General Examination which was carried out at Swansea in December have now received the consideration of the Committee and postponement of the Special Survey until December 1962 has been approved. |||

I take this opportunity to point out that the Main Boiler Survey was commenced on this occasion and in order to complete this inspection for a record of MBS. 12.61 the starboard boiler remains to be examined throughout, the safety valves of all three boilers adjusted under steam, and the oil burning system examined under working conditions.

Yours faithfully,

Deputy Clerk to the
Classification Committee.
