

WOKINGHAM COPY.

2nd September, 1940.

My dear Cyril,

Mr. Young has made the L.M.C. record of the "NOVELIST" (Glasgow Report No.62728) subject to the  $7\frac{1}{2}$  Kw. dynamo being placed in order. This was recommended on the electrical report, so perhaps you will kindly add "Subject" in your Minute Book and give me the O.K. so that I can do likewise on the report itself. It is presumed that the Builders and Engine Makers will prefer to wait for a clean certificate, but perhaps you will make enquiries on this point.

With kindest regards,

Yours sincerely,

C.R. Willis, Esq.,  
GLASGOW.
