The Commission on the Status of Women  
has been established to study and report on the  
status of women in the United States and to  
make recommendations for their improvement.  
The Commission is composed of representatives  
from the Federal Government, the States,  
and the private sector. It is authorized to  
conduct such studies and investigations as  
it may deem necessary and to make such  
recommendations as it may deem appropriate.  
The Commission is to report to the President  
and the Congress on its findings and  
recommendations.
