31st December, 1958.

Dear Sirs,

S.S. "PACIFIC MARINER"

I have your Memorandum and enclosure of the 19th December, and would inform you that the Owners' proposal to carry out the Screwshaft Survey at the next dry docking in May has been approved and I shall be glad if you will inform them accordingly.

I think it well to point out that the Boiler and Special Surveys become due at the end of May and June next and it is concluded that these inspections will also be carried out on the above occasion, but I shall be glad if you will obtain the ~~Surveyors~~ <sup>Owners</sup> confirmation on this point.

The limit to renew the lower main injection valve casing will expire at the end of May.

Yours faithfully,

Clerk to the  
Classification Committee.

The Surveyors,  
YOKOHAMA.
