PORT OF

GLASGOW

11th December, 1933.

Dear Sirs,

~~"ULSTER"~~

With reference to Mr. Campbell's telephone conversation with Mr. Dickerson and to the plan approved today for the proposed water ballast tank in the poop of the above vessel, I have to inform you that, if desired, a girder 15" deep by .40 in thickness, flanged 6" on the face with tripping brackets at alternate beams may be fitted above the upper deck instead of the girder shown under the deck as already approved. The girder should be officially bracketed at each end.

I am, Dear Sirs,

Yours faithfully,

Local Secretary.

Messrs. Lithgows, Ltd.,

PORT GLASGOW.
