12th May, 1921 .

Dear Sir,

With reference to Glasgow Report No. 41075 on the Steamer "ARDMORE", it is concluded that the upper deck plating in way of the machinery openings, the thickness of the lower plating of the after peak bulkhead, and the spacing of the stiffeners on bulkheads Nos. 49 and 84 are as approved, but I shall be glad if you will ascertain from the Surveyors and let me know whether this is so.

I am, Dear Sir,

Yours faithfully,

Assistant to the Secretary.

The Secretary,
GLASGOW.
