P.P.*

I shall be glad to learn what arrangements are proposed to be made for the Special Survey, due at the end of the present month, to be carried out.

I would remind you that the Boiler Survey will become due at the end of August.

At the same time I would refer to your report No. 66111 regarding the Screwshaft limit and the Owner's intentions regarding this matter will also be appreciated.

Date:— 14th July, 1961.

We have been informed by the Owners that this vessel has been laid up for some months and it is questionable whether she will resume fishing again.

They have also informed us that if she does again go to sea they will make arrangements for the Special and any other outstanding surveys to be dealt with.
