Dear Sirs,

Steamer "LOCH OSKAIG"

Before your Report No. 66111 receives the consideration of the Committee, I have to remind you that the screwshaft was examined at your port in January but assignment of the Screwshaft Survey record was deferred pending examination of the shaft forward of the liner by January, 1961.

In view of the examination held in August last, I shall be glad to learn whether a record of TS 8.60 can be recommended.

Yours faithfully,

c.c. Classing Letter File.

per Clerk to the
Classification Committee.

The Surveyors,
HULL.
