Dear Sir,

With reference to your First Entry Report No. 15527 on the Steel Screw Steamer "GERA", I have to acquaint you that your remarks on the third page of the Report (under the heading "General Remarks") regarding the anchors and chain cables, in which you refer to my letter of the 13th September 1923, are not understood.

I shall be glad if you will forward the correct date of the letter in question, and state also the weight of the chain cable supplied to the ship, in order that the matter may receive attention.

Kindly state at the same time whether the breadth of laps of F, G, H, J & K strakes are as required, as this is not clear from the Report.

I am, Dear Sir,

Yours faithfully,

G. Dykes, Esq.,
HAMBURG.

Secretary.
