Classn(S) Ans'd Dear Sir,

s.s. "PARKWOOD"
W.Hpl Report No. 19813.

With reference to your letter of the 23rd instant requesting deck plating thicknesses for the above vessel, we enclose herewith tabulated reading of deck plating thicknesses as ascertained by drilling at the recent Special Survey ("D").

Although we stated in the report that the double bottom shell plating was cement coated and consequently drilling was not found to be necessary, we have to confirm that the cement was hammered and found to adhere satisfactorily.

Yours faithfully,
The Surveyors,
