20th March, 1959.

Dear Sirs,

M/T "RIZA KAPTAN"

The case of the above named ship has received the consideration of the Committee today in the light of your memorandum of the 10th instant, and in reply I have been instructed to say that, while they will not object to this further short postponement of the overdue Special and Donkey Boiler Surveys, the Owner should be left under no misapprehension that these surveys must receive attention without fail before the end of May otherwise the vessel's class will be expunged.

The Owner's attention should also be drawn to the fact that the existing load line certificate will expire on the 30th April and that if the Owner desires a short term certificate valid until the end of May it will be necessary for him to submit the ship to a Load Line Renewal Survey.

Yours faithfully,

c.c. F

Clerk to the  
Classification Committee

The Surveyors,  
ISTANBUL.
