Hull subject:- See endorsement 17.11.61.

Postponements  
already agreed

Postponement of Special Survey until 12.61 approved 24.1.61 (GE Vgm 12.60). On 25th August, 1961 a proposal to postpone the Special Survey until 5.62 was considered. In view of the previous General Examination having been held 17 months before the date for Special Survey proposed it was considered that a further examination should be made in December, 1961, with a view to such postponement being granted.

New proposal

In reply to enquiry regarding the General Examination the Hong Kong Surveyors are informed by the Owners that they understood the General Examination was held at the time of purchase. The ship is now loaded and will not discharge until the end of March at Bombay where the General Examination could be held if considered necessary, but as at that time only 2 months postponement will be involved the Owners submit that the General Examination be waived in this instance.
