

HELSEINGBORG8 VARFS AKTIEBOLAG

TEST CERTIFICATE

One steam driven Windlass of our type A 11 No.79

Engine particulars: Cylinder diam. .... 305 mm.  
Stroke ..... 360 mm.  
Working pressure ... 7 kg/cm2

We hereby certify that the windlass has been built by us and that all material has been tested and is, as far as could be seen, free from defects.

The working parts are made of materials in accordance with the requirements of LLOYD's REGISTER of SHIPPING. The completed steam windlass has been examined under working conditions by me and found to work to satisfaction.
