Dear Sirs,

S.S. "THE EMPEROR"

With reference to the telephone conversation which took place to-day it is confirmed that the Committee are agreeable to a General Examination of the hull and machinery being held at Newcastle now; an examination in drydock being left to the Society's Surveyors discretion.

On receipt of a satisfactory report on this examination the Committee will be prepared to consider your proposal to postpone the Special Survey until some time before the end of December, 1963.

I take this opportunity to remind you that the Main Boiler and Screwshaft Surveys will become due at the end of this month and January next respectively, as it may suit your convenience to deal with these matters at the same time as the General Examination.

Yours faithfully,

C.C. Nwc

Deputy Clerk to the
Classification Committee.

Messrs. F.T. Everard & Sons, Ltd.,
The Wharf,
GREENWICH,
