

Lloyd's Register of Shipping.

Ship's Name "LODESTONE"

Official No. 166585

Memorandum of alterations reported since ship was surveyed for assignment of Load Lines
in 1938

Alterations effected for conversion from open to closed Shelter Deck.

(1) 1 Automatic N.R. Slow down valve fitted to Refrigerating Space in
Shelter Deck P.S.

(2) 2 Scupper pipes P&S have been fitted, draining the shelter tween
decks to the No.2 hold and machinery space.

(3) Suitable provision has been made for rigging lifelines in all parts
of the ship used by the crew (on shelter deck).

(4) 1 overboard scupper from shelter tween deck, PS, has been permanently
closed.

The arrangements for closing the upper deck hatchways are efficient.

The W.T. bulkheads have not been extended up to the shelter deck.

New York, 9th July, 1941.
