ENCLOSURES

15th August, 1947.

Dear Sir,

s.s. "RIA DE EL FERROL"

I return herewith two copies of each of the plans, forwarded with your letter of the 7th June, 1947, of Decks and Shell Expansion and Profile and Decks in connection with the classification with this Society of the above ship, and have to state that the scantlings and arrangements as shown are such as could be approved, provided they be verified - please see my letter of the 9th ultimo.

As, however, the scantlings of the strong beams at the hatch ends shown on the Profile and Deck plan do not agree with those indicated on the plan of Midship Section, you should ascertain which are correct and report particulars to this Office for record.

It is assumed that open floors, in accordance with the Midship Section, are fitted between the solid floors shown on the Shell Expansion and tank top plan, but this should also be confirmed.

The remaining copy of each of the plans is being retained for record.

Yours faithfully,

Secretary.

F. Larrucea, Esq.,  
BARCELONA.
