

S.S. "RIA DE EL FERROL"

Plans of Decks and Shell Expansion and Profile
and Decks submitted by the Barcelona Surveyors.

It is submitted the Surveyors be informed that the
scantlings and arrangements as shown on the plans are such as can
be approved provided they be verified in accordance with the
Secretary's letter of 9th July, 1947.

As the scantlings of the strong beams at hatch ends
shown on the Profile and Deck plan do not however agree with
those shown on the Midship Section plan, they should ascertain
which are correct and report the particulars to this Office for
our records. (See reply dated 29.7.48) and (BCL. Rpt N° 5345.(7.48))

It is assumed that open floors, in accordance with the
Midship Section, are fitted between the solid floors shown on the
Shell Expansion and tank top plan, ^{but} this should also be confirmed.

Ch. M.

15th August, 1947.

Ltr. 7-6-47.
Ansd. 15-8-47.
4 plans. 2 retained.
