QUESTION

ANSWER

With reference to my letter of the 23rd December, 1963, I shall be glad to learn if you are yet in a position to let me know what arrangements are proposed to be made for the Special Survey to be held by the end of November.

The Auxiliary Boiler Survey will become due at the end of October, and it is concluded that this inspection will be dealt with at the same time as the Special Survey.

The Owners state that the vessel is laid up but that there is a possibility of obtaining a charter for one year, after which the vessel would be disposed of in all probability, for scrapping. Should the charter materialise, the Owners would wish to carry out Modified Survey for the postponement of S.S. until Nov. 65 and your authorisation to this effect is requested. The auxiliary boiler survey would be carried out at the time of the Hull Survey.
