

Lloyd's Register of Shipping.

RECEIVED 14, Blythwood Square, GLASGOW, C.2.

Our Reference: T.23/E.1

18 JUN 1949

June 16, 1949.

Dear Sir,

ANSD.....

S.S. "CHARLTON SOVEREIGN" ex "PRINCE ROBERT"

The reclassification survey and conversion work on this ship have now been completed. The relevant reports have been checked in accordance with the British Corporation Rules and requirements, and with the approved plans of the conversion of the ship to an emigrant carrier, and endorsed as satisfactory.

We therefore enclose for submission to the Classification Committee the following data:-

- ✓ 1. Survey reports No. 171 on Hull and Machinery from surveyors at Antwerp, July 1948.
- ✓ 2. Machinery damage survey reports No. 1665 from surveyors at Gibraltar, September, 1948.
- ✓ 3. Survey reports on drydocking, boiler examination and repairs from the surveyors at Newcastle, December, 1948.
- ✓ 4. Survey report No. 4963-120 on voyage repairs to auxiliary machinery from the surveyor at Rio de Janeiro February, 1949.
- ✓ 5. Survey reports No. 106187 on completion of classification survey from the surveyors at Newcastle, May, 1949.
- ✓ 6. Summary of position prepared at this office.
- ✓ 7. Hull particulars sheet.
- ✓ 8. Plan showing general arrangement of the ship as converted.

We have to inform you that the owners also propose to class the "Charlton Sovereign" with the American Bureau of Shipping, and as this will entail sending the latter copies of reports, we should be obliged if when returning the above data to this office you would send duplicate copies of the Newcastle surveyor's reports No. 106187.

Yours faithfully,

Sam Sellar

For the Surveyors

The Secretary,
Lloyd's Register of Shipping,
