Vessel's Name: Re:- S.T. "Pataudi" Boiler Survey.

The boiler of the above vessel was last surveyed in January, 1959. The vessel was taken out of service on Dec, 23rd, 1959., the boiler was emptied, all manhole doors removed and the usual precautions taken against dampness.

It is now our intention to sell the vessel for scrap and for this purpose she will steam to Sunderland, a journey of approximately 12 hours duration. In view of the circumstances detailed above we would request that the boiler survey date be extended to allow the vessel- to proceed to Sunderland.
